Michael Bass and Noah Kupferman, Co-Heads of Department, Chinese Works of Art, New York, said: "Our spring season of Chinese works of art sales achieved \$45.6 million and were 94% sold by value and 89% sold by lot. These figures confirm the continued strong demand for works of art from private collections with distinguished provenance and underline the in-depth strength of the market across all collecting categories, notably for jades, snuff bottles, *huanghuali* furniture, archaic bronzes and porcelains. *The Lizzadro Collection of Fine Chinese Jade Carvings and Works of Art* more than doubled its pre-sale high estimate, and *The Hildegard Schonfeld Collection of Fine Chinese Snuff Bottles* was 100% sold. With the sale of *Fine Huanghuali Furniture from an Important Private American Collection* and the world auction record price of \$9.1 million achieved for the magnificent massive *huanghuali* plank pedestal table, Christie's reaffirmed its commitment to offering the highest quality Chinese furniture and demonstrates its position as the leader in this category."
