## TEST REPORT No. 59353

on the authenticity of the following gemstones,  
strung on a necklace

Shape & Cut: round, polished and drilled beads

Total weight: approximately 212.5 grams  
(including thread and clasp with diamonds)

Diameters: approximately 10.15 - 12.30 - 13.65 - 12.35 - 10.25 mm

Colour: light purple

Identification: regularly graduated necklace of  
70 JADEITE - JADES

Comments: The observed properties confirm the authenticity  
of these semi-translucent jadeite-jades.

No indications of any treatment.

On the Asian market this jadeite is usually called  
lavender jadeite-jade type A.

Important note: The conclusions on this Test Report reflect our findings at the time it is issued. A gemstone can be modified and / or enhanced at any time. Therefore, the SSEF can reconfirm at any time that the stones are in accordance with the Test Report.

Please see comments on reverse side.
