Prices climbed in the saleroom today as new buyers competed with established collectors for pieces from the Hodroff Collection. Almost 10% went to Asian buyers, a new high for the export porcelain category; 5% sold to internet bidders.

"For every category of export porcelain represented in this collection, there was spirited bidding from all quarters of the market," said **Becky MacGuire, Christie's senior specialist for Chinese Export Art.** "Bidders responded to the outstanding provenance of the Hodroff porcelain with a resounding 'yes!'"
