COMMENT: Sarah Hodgson, Associate Director, Head of Popular Entertainment, Christie's London: "I am absolutely delighted with the results of today's sale which realized our highest ever sold percentage since Christie's began holding sales devoted exclusively to film posters in 1995. There was a packed saleroom throughout the afternoon with particularly strong interest from America. Many lots exceeded pre-sale expectations underlining the current strength of the market in London. We look forward to our next sale on 19 September."
