**COMMENT: Michael Bass, Specialist Chinese Art department:** "For the third time in a row, the J&J Collection of Chinese snuff bottles scored high on the board of international collectors. This exquisite collection, so passionately and patiently founded by Li Ti-Tsun, a distinguished educator and Chinese Ambassador, and later continued by his family, never ceases to amaze and intrigue the crème de la crème of snuff bottle collectors worldwide. The results of the sale were spectacular, with a mainly international, private clientele vying for these subtle works of Chinese craftsmanship."
