COMMENT: *Theow Tow, Deputy Chairman and Michael Bass, specialist for the sale: "The sale of Part II of this magnificent collection attracted many buyers who had previously been active in other fields but now recognized and seized the opportunity to acquire pieces from a collection of great beauty and quality, which had now been made accessible. Noteworthy was the fact that bidding was strong, both from Asian as well as non-Asian collectors. The success of the sale emphasized that this is a collecting field which is expanding continuously and becoming increasingly international in its appeal."*
