“Nine lots sold for over US\$1 million in a sale that demonstrates once again the great strength of the jewellery market and in particular the continued demand for rare white and coloured diamonds. Buying was predominately Asian with strong competition from private collectors in China, Russia and the Middle East. We now look forward to the next important jewellery auction at Christie's London on June 13<sup>th</sup>, highlighted by jewels from the Collection of HRH Princess Maria Gabriella of Savoy,” said **Vickie Sek, Director of the Jewellery and Jadeite Department, Christie's Asia.**
