“A very satisfying return to Greenwich for Christie’s International Motor Cars. After a weekend of clear sunshine and a busy view, we were delighted to provide some great auction theatre on the last lot of the sale, the barnfind Bugatti 57C. A determined saleroom bidder battled it out with a bidder on the phone in front of an excited sale crowd that broke out into applause after the room bidder finally gave way and the hammer was bought down for a excellent \$852,500 – more than double our highest pre-sale expectations. We were also particularly pleased with the reception for many of our top cars today, including the eye-catching 1955 Chevy Pickup and the 1965 Porsche 911. We now look forward to our flagship sale in Monterey in August, which will include the Steve McQueen 1963 Ferrari 250GT Lusso,” said **Christopher Sanger, Head of Car Sales, Christie’s Americas**
