“After the sensational \$18.5m auction at Christie’s London this morning, we are pleased to conclude the day with another strong jewelry sale in New York. Both trade and private clients from all over the world continued the trend of paying top prices for rare colored diamonds, fine gemstones and natural pearls. We now look forward to our Paris auction next week, which wraps up our spring jewelry sale season,” said **Rahul Kadakia, Head of Jewelry for Christie’s Americas.**
