### Comment: Joy McCall, Head of Department, British Decorative Arts:

Moorcroft was in hot demand in today's sale at Christie's South Kensington. There was keen participation from the room, telephones and also from the Christie's Live internet bidders. The sale encompassed all periods of Moorcroft production ranging from 1895 to more recent times. We were particularly pleased with lot 383 the Waratah flambé, which attracted considerable international attention and sold for more than double the low estimate.
