<i>Drug Addled Sadhus, Jodpur, Rajasthan, 1740</i>					

“We are particularly pleased with the performance of the private collections which were offered for sale at South Kensington. Khorasan metalwork, Persian manuscripts and pottery sold very well and our top lot the Ottoman fez stand achieved an outstanding result, demonstrating the continued high interest in Ottoman silver. We look forward to increasingly strong results in the field of Islamic art” **Said Alice Bailey, Head of Sale.**
