**COMMENT:** Andrew Massad, Vice President and Specialist for the Post-War and Contemporary Art department: "This afternoon's sale was a record high for setting record high prices at Christie's with a total of 13. These results prove the strength of the market for emerging and established contemporary artists alike. Newcomers such as Dana Schutz and Matthew Ritchie soared alongside the avant-garde of generations past. Today's sale marks the highest total for a contemporary afternoon session at Christie's."

Christie's New York's **overall total for Post-War and Contemporary Art is \$212,091,200**, the largest total ever in the field.
