COMMENT: "It is a great honour for us, at Christie's, to have sold the 3rd most expensive wristwatch in the world: the unique left-handed single button chronograph by Patek Philippe (\$1,945,040). During one of the most beautiful and animated watch auctions ever held numerous world records were broken, demonstrating the extraordinarily healthy market and underlining Christie's undisputed leadership in this field" said Aurel Bacs, International Co-head of Watches at Christie's.
