Deborah Bell, VP, Specialist Head of Photographs: "The success of *the deLIGHTed eye* collection is demonstrative of the value of focused and passionate collecting. It shows the demand that exists within the global marketplace for prime examples of modernist photography. We are honored to have been able to offer this historic collection and were pleased to have set 10 world auction records, including those for Francis Bruguière, Georg Muche and Ludwig Hirschfeld-Mack. Additionally, Man Ray's *Untitled Rayograph*, 1922, achieved \$1.2 million, against its estimate of \$250,000 - \$350,000, setting a new world auction record for a photograph by the artist."
