Under the patronage of H.S.H. Prince Albert II of Monaco, and at the initiative of Luc Pettavino, President of L'Association Monégasque contre les Myopathies, **ONLY WATCH** is the world's foremost charity auction entirely devoted to the research of Duchenne muscular dystrophy. Since 2005, more than 25 million euros have been raised to finance research in this field.

"**ONLY WATCH 2017** is a time for all parts of the watch world to come together and celebrate all that is good about the modern watch industry: innovation, technical know-how, creativity, and most importantly the desire to give back to the global community in this exceptional charity event. Christie's is honored to be a partner in this monumental auction and looks forward to providing a global stage to exhibit and present **ONLY WATCH 2017**", commented John Reardon, International Head of Christie's Watch department.
