(Note: If Purchaser is resident of the European Union, these terms do not apply. Please contact Christie's Columbus Circle Wines & Spirits for further information.) Lot(s) will not be released for delivery until they have been paid for in full including any applicable sales and use tax and storage fees if due and packaging supplies. Purchaser is solely responsible for (i) paying any and all applicable sales, use or excise taxes related to the purchase and shipment of the lot(s) and (ii) being aware of and complying with state laws concerning the importation of alcoholic beverages. LIMITATION ON SHIPMENT OF WINES

Bidders are reminded of the limitations and restrictions imposed by various states and countries regarding the importation of wines which have been purchased at auction in one state and shipped into another state or country. Various jurisdictions both within and outside the United States may prohibit the importation, or limit the quantity of wines, that may be shipped into their jurisdictions. In addition, various jurisdictions may require the purchaser, consignor, shipper or other entity to possess certain licenses or permits before shipping wines. It is the sole responsibility of the purchaser to determine before bidding at auction whether wines can legally be shipped into any jurisdiction and the legal obligation or responsibility for obtaining any required permits or licenses on behalf of the purchaser prior to shipment and Columbus Wines & Spirits and Christie's make no representation as to the legal rights of any purchaser to ship wines to or from any jurisdiction. A delay in obtaining required permits or licenses shall not justify a rescission of any sale of delay in making payment in full for the purchase.

The Wine Cellarage is located in a former bank vault. It is the most secure and deeply entrenched location of the historic landmark American Banknote Company Building in Hunts Point, New York. It is a wonder of industrial engineering, perfectly suited to wine storage.

Your wine is stored in a state-of-the art wine cellar, specially designed and fabricated by the Ingersoll Rand Climate Control Group with:

- R-25 vapour-barrier layered insulation, 50 to 70 percent controlled humidity and back-up compressors.
- Facility-wide video surveillance and central-station alarm monitoring with 24-hour guard service
- Approved by the U.S. Department of Homeland Security as a secure bonded warehouse.
- Bar coding and cellar location reporting are supported by wireless network hardware and software that sets the industry standard for warehouse tracking.
